

Directions (1-5): Study the following information carefully and answer the below questions.

Six persons - L, M, N, O, P and Q are sitting around a circular table such that all of them are facing towards the centre, but not necessarily in the same order.

N sits second to the left of Q. Both Q and O are immediate neighbours. The number of persons sitting between O and N is same as the number of persons sitting between Q and P. M neither sits adjacent to P nor L.

1) Who among the following person sits third to the right of M?

- a) P b) N c) O d) Q e) L

2) Which of the following statement(s) is/are true with respect to the final arrangement?

I) L sits to the immediate right of O.

II) Two persons sit between N and O.

III) M sits second to the right of P

IV) Both L and O are not immediate neighbours

a) Only (II) and (III)

b) Only (I) and (IV)

c) Only (I) and (II)

d) Only (II) and (IV)

e) Only (I), (II), and (III)

3) How many persons sit between M and P, when counted from the right of M?

- a) Two b) Three c) None d) One e) Four

4) Four of the following five are alike in a certain way and hence form a group, which of the following one doesn't belong to that group?

- a) LQ b) OM c) QN d) PL e) MP

5) If the position of L and Q are interchanged in the same way the position of O and N are interchanged, then who among the following person sits second to the right of O?

- a) M b) P c) N d) L e) Q

Directions (6-10): Study the following information carefully and answer the below questions.

Eight persons- A, B, C, D, E, F, H, and I are sitting around a circular table such that all of them are facing towards the centre, but not necessarily in the same order.

I sits third to the left of E. One person sits between E and B. A sits second to the right of C. Neither A nor C sits adjacent to B. The number of persons sitting between C and E is the same as the number of persons sitting between E and H. D sits second to the left of F.

6) Who among the following person sits exactly opposite to B?

a) The one who sits to the immediate right of C

b) H

c) E

d) I

e) The one who sits second to the left of A

7) Who among the following person sits between B and A, when counted from the right of A?

I. F

II. C

III. I

a) Only I

b) Only I and III

c) Only III

d) All I, II, and III

e) None of these

8) Four of the following five are alike in a certain way and hence form a group, which of the following one doesn't belong to that group?

- a) DB b) AH c) FE d) IC e) HF

9) Who among the following person sits second to the left of H?

- a) I b) B c) D d) C e) A

10) Which of the following statement(s) is/are true with respect to I?

I. Three persons sit between I and C.

II. I sits to the immediate left of B.

III. E sits third to the right of I.

a) Only II and III

b) Only III

c) Only I and II

d) Only II

e) All the statement is true

Directions (11-15): Study the following information carefully and answer the below questions

Eight persons- P, Q, R, S, T, U, V, and W are sitting at the circular table facing the centre but not necessarily in the same order.

Q sits third to the left of R. One person sits between R and V. W and V are immediate neighbours. Neither S nor P sits adjacent to R. T sits second to the right of P. The numbers of persons sitting between W and R is the same as between S and P. U does not sit adjacent to T.

11) If all the persons are sitting in the alphabetical order from P in clockwise order how many persons are unchanged in their position(excluding P)?

a) Two b) Three c) One d) No one e) Four

12) If P is related to V and T is related to R in a certain way. Then who among the following is related to U?

a) Q

b) The one who sits immediate left of T

c) S

d) The one who sits third to the left of V

e) None of the above

13) How many persons are sitting between S and R when counted left of R?

a) One b) Two c) Three d) Four e) None

14) Which of the following pairs are immediate neighbours?

a) TV b) SQ c) PU d) WT e) VS

15) Who among the following person sits third to the right of Q?

a) W

b) T

c) The one who sits immediate left of P

d) The one who sits third to the right of U

e) The one who sits immediate right of W

Directions (16-20): Study the following information carefully and answer the below questions

Nine persons- A, B, C, D, E, F, G, H, and I are sitting at the circular table facing the center but not necessarily in the same order.

D sits fourth to the left of E. Two persons are sitting between E and C. One person sits between C and B. F sits third to the right of B. The number of persons sitting between F and C is the same as between C and G. A sits adjacent to neither D nor E. H sits immediate left of A.

16) Who among the following sits immediate right of I?

A. The one who sits immediate left of H

B. The one who sits second to the left of G

C. D

D. C

E. The one who sits second to the right of D

17) How many persons are sitting between B and A when counted to the right of A?

A. Four

B. Three

C. Two

D. More than Four

E. One

18) If G is related to E and I is related to H in a certain way. Then, who among the following is related to C?

A. E

- B. The one who sits immediate left of I
- C. The one who sits second to the right of B
- D. The one who sits third to the right of G
- E. B

19) Four of the five among the following are similar in such a way to form a group, who among the following doesn't belong to the group?

- A. HE
- B. BF
- C. GD
- D. AB
- E. FE

20) Which of the following statement(s) is/are true?

- I) D and H are immediate neighbours
- II) G sits fourth to the right of A
- III) F and B are not immediate neighbours

- A. Only I
- B. Only I and II
- C. Only III
- D. Only I and III
- E. All I, II, and III
