

Directions (1-5): Read the following information carefully and answer the questions given below.

Seven persons viz. A, B, C, D, E, F, and G are sitting in a linear row such that all of them are facing towards north, but not necessarily in the same order.

F sits second from one of the extreme ends. Only two persons sit between D and F. As many persons sit to the right of G as to the left of G. C sits fourth to the left of E. B sits to the right of A, who does not sit adjacent to D.

1. Who among the following person is an immediate neighbour of E?

- a) F
- b) The one who sits at the extreme left end
- c) C
- d) The one who sits to the immediate right of D
- e) D

2. As many persons sit to the right of B as to the left of ____.

- a) The one who sits to the immediate right of A
- b) A
- c) C
- d) D
- e) None of these

3. What is the position of G with respect to F?

- a) Immediate right
- b) Immediate left
- c) Second to the right
- d) Second to the left
- e) Either (a) or (c)

4. Which of the following statement(s) is/are true with respect to the final arrangement?

- a) E sits to the left of G
- b) As many persons sit between A and C as between G and B

c) C sits between A and F

d) D sits at one of the extreme ends

e) All are true

5. How many persons sit between F and E?

- a) No one
- b) One
- c) Two
- d) Three
- e) More than three

Directions (6-10): Read the following information carefully and answer the questions given below

Eight persons viz. M, N, O, P, Q, R, S, and T are sitting in a straight line such that all of them are facing towards north, but not necessarily in the same order.

O sits third from the right end of the row. Only two persons sit between O and M. Q is an immediate neighbour of M. Both N and T sit adjacent to each other, but none of them sits to the immediate right of M. Only one person sits between R and N. S is not an immediate neighbour of M. P does not sit adjacent to R.

6. If the position of P and R are interchanged, then who among the following person sits to the immediate left of R in the new arrangement?

- a) Q
- b) The one who sits between S and M
- c) The one who sits at the extreme left end
- d) O
- e) None of these

7. If all the persons are made to sit in alphabetical order from left to right, then how many persons remain unchanged in their position?

- a) More than three
- b) Three
- c) Two
- d) One

e) None

8. Which of the following statement(s) is/are not true with respect to the final arrangement?

- a) Q sits to the immediate left of R
- b) Two persons sit between N and O
- c) T sits at the extreme right end
- d) M sits third from the left end
- e) All are false

9. What is the position of Q with respect to S?

- a) Third to the right
- b) Third to the left
- c) Immediate right
- d) Immediate left
- e) Second to the right

10. How many persons sit between M and N?

- a) No one
- b) As many persons sit between S and O
- c) Two
- d) As many persons sit to the right of P
- e) Three

Directions (11-15): Study the following information carefully and answer the below questions

Eight persons- L, M, N, O, P, Q, R and S are sitting in the linear row facing the north but not necessarily in the same order.

R sits third to the left of S. Only one person sits between R and M. M sits to the left of R. L sits second to the right of Q. L and S are not immediate neighbours. Q does not sit adjacent to R. O sits to the left of P and to the right of N. N sits to the right of M.

11) Who among the following person sits immediate left of R?

- A. The one who sits second to the left of N
- B. M
- C. P

D. S

E. The one who sits second to the right of O

12) Which of the following statement is true?

- A. M and Q are immediate neighbours
- B. P sits at the end of the row
- C. Only one person sits between N and S
- D. O sits second to the left of P
- E. All of the above

13) If Q is related to L and N is related to S in a certain way. Then, who among the following is related to P?

- A. O
- B. The one who sits second to the left of R
- C. The one who sits immediate left of P
- D. M
- E. L

14) How many persons are sitting between L and S?

- A. More than three
- B. None
- C. One
- D. Two
- E. Three

15) What is the position of S with respect to N?

- A. Third to the right
- B. Third to the left
- C. Second to the right
- D. Second to the left
- E. None of the above

Directions (16-20): Study the following information carefully and answer the below questions

Eight persons- L, M, N, O, P, Q, R and S are sitting in the linear row facing the north but not necessarily in the same order.

R sits third from one of the ends. Only two persons are sitting between R and S. O sits second to the right of S.

The number of persons sits to the left of O is the same as the persons to the right of Q. Only two persons are seated between Q and L. M and R are immediate neighbours. N sits to the right of P and does not sit adjacent to M.

16) Who sits third to the left of P?

- A. The one who sits second to the left of O
- B. S
- C. The one who sits immediate right of Q
- D. The one who sits second to the right of L
- E. None of the above

17) Who among the person sits between M and N?

- I) R
- II) L
- III) The one who sits immediate left of O

- A. Only (I) and (II)
- B. Only (I)
- C. Only (I) and (III)
- D. Only (II)
- E. All (I), (II) and (III)

18) If M is related to L in the same way S is related to O, then who among the following person is related to P?

- A. N
- B. The one who sits second to the left of O
- C. Q
- D. The one who sits third to the left of S
- E. No one

19) Four of the five among the following are similar in such a way to form a group, which one of the following doesn't belong to the group?

- A. QL
- B. LN
- C. MN
- D. RS

E. PO

20) What is the position of L from the left end?

- A. Sixth
- B. Second
- C. Third
- D. Fourth
- E. Fifth

Directions (21-25): Read the following information carefully and answer the questions given below.

Eight persons viz. A, B, C, D, E, F, G and H are sitting in a linear row such that all of them are facing towards south, but not necessarily in the same order.

Only two persons sit to the left of G. Only one person sits between G and B. D sits third to the right of G. A sits to the immediate left of F, but does not sit adjacent to D. C sits to the left of E, who does not sit at the extreme ends. As many persons sit to the right of B as to the left of H.

21. Who among the following person sits at the extreme end?

- a) A b) C c) B d) D e) F

22. Who among the following person sits second to the left of F?

- a) No one
- b) The one who sits to the immediate right of A
- c) C
- d) D
- e) The one who sits between A and C

23. How many persons sit between C and H?

- a) Two b) Three c) One d) Five e) None of these

24. Four of the following five are alike in a certain way and hence form a group. Which of the following one does not belong to that group?

- a) EF b) BC c) CA d) DH e) FG

25. If A is related to B and D is related to G in a certain way, then who among the following person is related to F?

- a) H b) A c) E d) D e) C

Directions (26-30): Read the following information carefully and answer the questions given below.

Nine persons viz. W, V, U, T, S, R, Q, P and O are sitting on a linear row such that all of them are facing towards south, but not necessarily in the same order.

Only two persons sit between P and R, who sits at one of the ends. The number of persons sitting to the left of P is one more than the number of persons sitting to the right of S. W sits adjacent to Q, who sits second to the right of S. As many persons sit to the right of W as to the left of O. U sits to the immediate left of V. T does not sit at any of the extreme ends.

26. Which of the following persons sit between S and T?

- a) R, P, Q
b) P, U, V
c) W, O, U
d) U, Q, R
e) U, V, W

27. Who among the following person sits second to the right of the person who sits to the immediate left of W?

- a) Q
b) The one who sits third to the left of V
c) The one who sits to the immediate left of R
d) O
e) All the above

28. How many persons sit between T and V?

- a) One b) Five c) Two d) Four e) None

29. What is the position of O with respect to U?

- a) Second to the left
b) Immediate right

c) Third to the left

d) Fourth to the right

e) Cannot be determined

30. In which of the following pair, the second person sits to the immediate left of the first person?

- a) U, V
b) P, T
c) S, Q
d) R, O
e) V, W

Directions (31-35): Study the following information carefully and answer the below questions

Seven persons- A, B, C, D, E, F and G are sitting in the linear row facing the south but not necessarily in the same order.

B sits second from one of the ends. Only two persons are sitting between B and A. The number of persons sits to the left of A is the same as the right of G. The number of persons sitting between A and G is the same as between E and F. E and G are not immediate neighbours. C sits to the right of E but not an immediate neighbour of B.

31) Who among the following sits immediate left of B?

A. The one who sits second to the left of G

B. A

C. F

D. E

E. The one who sits third to the left of C

32) Who among the following person sits to the left of A?

A. The one who sits fourth from the right end

B. B

C. The one who sits immediate left of G

D. D

E. All of the above

33) If C is related to A and E is related to F in a certain way. Then, who among the following is related to D?

- A. B
- B. The one who sits third from the left end
- C. The one who sits immediate left of A
- D. E
- E. C

34) How many persons are sitting between C and G?

- A. More than three
- B. None
- C. One
- D. Two
- E. Three

35) What is the position of F with respect to D?

- A. Third to the right
- B. Third to the left
- C. Second to the right
- D. Second to the left
- E. None of the above

Directions (36-40): Study the following information carefully and answer the below questions

Eight persons- E, F, G, H, I, J, K and L are sitting in the linear row but not necessarily in the same order. All are facing the south direction.

E sits second to the right of K. Only one person sits between K and I who sits at the end of the row. H and E are immediate neighbours. The number of persons sits to the left of G is the same as the number of persons sits to the right of F. F and I are not immediate neighbors. L sits second to the right of J.

36) How many persons sit to the right of J?

- A. One B. Five C. Four D. Two E. Three

37) Which of the following statement is true?

- I) Only one person sits between J and H
- II) K sits immediate left of H

III) L sits at the end of the table

IV) J sits to the left of G

- A. Only (II) and (III)
- B. Only (I) and (IV)
- C. Only (I) and (II)
- D. Only (II) and (IV)
- E. Only (I), (II) and (III)

38) If all the persons are arranged in alphabetical order from the right end, then how many persons unchanged their position?

- A. One
- B. Two
- C. Three
- D. More than three
- E. None

39) Four of the five among the following are similar in such a way to form a group, which one of the following doesn't belong to the group?

- A. IK B. HJ C. JL D. HL E. EF

40) If J and K interchange their positions and F and I did the same, with respect to the new positions, who among the following person sits second to the right of F?

- A. L B. E C. G D. J E. H
